Subject Index*

A

Academic medical centers
Strengthening an academic nursing center through partnership (Humphreys et al). 2004;52:197-202
Accidental falls
Nurse staffing and patient falls on acute care hospital units (Dunton et al). 2004;52:53-9
Acquired immunodeficiency syndrome
The nursing research center on HIV/AIDS health disparities (Holzemer et al). 2004;52:226-33
Activities of daily living
TigerPlace: a partnership with Americare and the Sinclair School of Nursing (Rantz and Marek). 2004;52:68
Administration; *see* Organization and administration
Adolescent health services
Strengthening an academic nursing center through partnership (Humphreys et al). 2004;52:197-202
African Americans; *see* Blacks
Aged
Effects of end-of-life discussions on patients' affective outcomes (Song). 2004;52:118-25
TigerPlace: a partnership with Americare and the Sinclair School of Nursing (Rantz and Marek). 2004;52:68
Agency for Healthcare Research and Quality
Evidence-based resources for nurses: Agency for Healthcare Research and Quality (Sharp et al). 2004;52:215-7
American Academy of Nursing
AAN News & Opinion. 2004;52:111-4
AAN News & Opinion. 2004;52:155-60
AAN News & Opinion. 2004;52:218-220
AAN News & Opinion. 2004;52:269-72
AAN News & Opinion. 2004;52:313-8
AAN News & Opinion. 2004;52:66-68
AAN nursing leadership: philanthropy in action (Ridenour). 2004;52:158
AAN organizational age and stage: reflections (Shaver). 2004;52:3-4
Philanthropy in action (Ridenour). 2004;52:218
American Journal of Nursing
American Journal of Nursing editor-in-chief honored with doctorate (Pihlquist). 2004;52:272
American Nurses Foundation
News from the American Nurses Foundation: Nursing Research Grants Program (Blackledge). 2004;52:114
Animal experimentation
Commentary on the importance of animal research to nursing science (Witek-Janusek). 2004;52:108-10
To the editor (Rodgers and Anderko). 2004;52:164 (Letter)
The importance of animal research to nursing science (Page). 2004;52:102-7
Reply (Witek-Janusek and Page). 2004;52:164-5 (Letter reply)
Animal testing alternatives
To the editor (Rodgers and Anderko). 2004;52:164 (Letter)

B

Blacks
Community-based research: barriers to recruitment of African Americans (Dancy et al). 2004;52:234-40
Books
The making of a book about, for, and by nurses-Ordinary People, Extraordinary Lives: The Stories of Nurses (Smeltzer and Vlasses). 2004;52:269-71

C

Case management
Nursing leadership: new initiatives in case management (Huber). 2004;52:159-60
Chronic disease
Improving the health of communities: the position of nursing (Shaver). 2004;52:116-7
Circadian rhythm
Sleep and chronobiology: recommendations for nursing education (Lee et al). 2004;52:126-33
Collaboration; *see* Cooperative behavior
Community health
Improving the health of communities: the position of nursing (Shaver). 2004;52:116-7
Community health nursing
Strategic planning for UCSF's community health nursing faculty practices (Saxe et al). 2004;52:179-88
Community health services
Community-based research: barriers to recruitment of African Americans (Dancy et al). 2004;52:234-40
Computer systems
Development of a computer-based system for continence health promotion (Boyington et al). 2004;52:241-7
Identification of national trends in nursing education through the use of an online survey (Morris et al). 2004;52:248-54
Conduct; *see* Professional conduct
Consumer satisfaction
Quality and customer service aspects of faculty practice (McNiel et al). 2004;52:189-96
Cooperative behavior
Envisioning novel and meaningful collaborations: crucial leadership needed (Shaver). 2004;52:223-4
Correspondence; *see* Letters to the Editor
Curriculum
A checklist to assist in the integration of genetics into nursing curricula (Hetteberg and Prows). 2004;52:85-8
Essential qualifications for nursing students (Katz et al). 2004;52:277-88
Imagination, data, and new models (Broome). 2004;52:69-70 (Editorial)
Tobacco dependence curricula in U.S. baccalaureate and graduate nursing education (Wewers et al). 2004;52:95-101
Using theory to guide the diffusion of genetics content in nursing curricula (Horner et al). 2004;52:80-4

D

Data collection
Identification of national trends in nursing education through the use of an online survey (Morris et al). 2004;52:248-54
Data interpretation, statistical
Using large data sets in long-term care to measure and improve quality (Ryan et al). 2004;52:38-44
Decision making
Effects of end-of-life discussions on patients' affective outcomes (Song). 2004;52:118-25
Dehumanization
Dispelling desperation in nursing education (Hall). 2004;52:147-54
To the editor (de Tornyay). 2004;52:225 (Letter)

*January/February, 1-68; March/April, 66-114; May/June, 115-160; July/August, 161-220; September/October, 221-272; November/December, 273-324.

Diabetes mellitus, non-insulin dependent
Use of mapping technology in health intervention research (Gesler et al). 2004;52:142-6

E

Editorials; *see* From the Editor
Education, nursing
Identification of national trends in nursing education through the use of an online survey (Morris et al). 2004;52:248-54
Medicare funding for nursing education: proposal for a coherent policy agenda (Thies and Harper). 2004;52:297-303
What about an "E" campaign (Shaver). 2004;52:275-6
Education, nursing, baccalaureate
A checklist to assist in the integration of genetics into nursing curricula (Hetteberg and Prows). 2004;52:85-8
The demise of nursing education at a major research university (Waugaman and Schneiderman). 2004;52:304-10
Dispelling desperation in nursing education (Hall). 2004;52:147-54
To the editor (de Tornyay). 2004;52:225 (Letter)
Imagination, data, and new models (Broome). 2004;52:69-70 (Editorial)
A mentorship model for the retention of minority students (Nugent et al). 2004;52:89-94
Sleep and chronobiology: recommendations for nursing education (Lee et al). 2004;52:126-33
Tobacco dependence curricula in U.S. baccalaureate and graduate nursing education (Wewers et al). 2004;52:95-101
Using theory to guide the diffusion of genetics content in nursing curricula (Horner et al). 2004;52:80-4
Education, nursing, graduate
Advancing the magnet recognition program in master's education through service-learning (Baker et al). 2004;52:134-41
Tobacco dependence curricula in U.S. baccalaureate and graduate nursing education (Wewers et al). 2004;52:95-101
Educational funding; *see* Training support
Evidence-based medicine
Evidence-based resources for nurses: Agency for Healthcare Research and Quality (Sharp et al). 2004;52:215-7

F

Faculty, nursing
The demise of nursing education at a major research university (Waugaman and Schneiderman). 2004;52:304-10
The evolution of midwifery faculty practice: impact and outcomes of care (Ament). 2004;52:203-8
Faculty practice comes of age: standing on the shoulders of giants (Gilliss). 2004;52:161 (Guest editorial)
Impact of faculty practice on an academic institution's mission and vision (Dracup). 2004;52:174-8
A nursing faculty practice for the severely mentally ill: merging practice with research (Chafetz et al). 2004;52:209-14
Quality and customer service aspects of faculty practice (McNiel et al). 2004;52:189-96
Strategic planning for UCSF's community health nursing faculty practices (Saxe et al). 2004;52:179-88
What is faculty practice (Saxe et al). 2004;52:166-73
Faculty practice; *see* Nursing faculty practice
Falls; *see* Accidental falls
Family nursing
American Academy of Nursing Child and Family Expert Panel Health Care Quality and Outcomes Guidelines for Nursing of Children and Families: Phase II (Betz et al). 2004;52:313-8
Food, genetically modified
"This food may contain . . ." what nurses should know about genetically engineered foods (Whitney et al). 2004;52:262-6
From the Editor
Faculty practice comes of age: standing on the shoulders of giants (Gilliss). 2004;52:161 (Guest editorial)
Honoring those who led courageously (Broome). 2004;52:221
